PHILIP MORRIS U.S.A.

INTEROFFICE CORRESPONDENCE

Richmond, Virginia

To: B. Good **Date**: December 20, 1996

From: J. Garman

Subject: **R&D Data Management Problem Statement**

On December 19, 1996, C. Ament, J. Garman, R. Lipps, and J. Sampson met to develop a problem statement relevant to the implementation of a data management system within R&D to support the efforts of QTP. D. Lisbon facilitated this session. Attached are the problem statement and the specific issues generated at this meeting.

I have reserved conference room T2W1 for January 3 at 9:00 for the group to meet with you to discuss our deliverables.
